

GOVERNMENT OF KIRIBATI

2024 DEVELOPMENT BUDGET

BUILDING A SECURE AND PROSPEROUS FUTURE

*REITAKIN TE MAIURAOI AO TE RIKIRAKE AE TABANGAKI AO
MAN MANO RAOI*

AS APPROVED BY THE MANEABA NI MAUNGATABU

November 2023

National Economic Planning Office
Ministry of Finance and Economic Development
Bairiki, Tarawa

FOREWORD

It gives me great honour and pleasure to present this 2024 Development Budget Book for public information and use.

The annual development budget presents a consolidated report of the development projects that are to be pursued for the year 2024. It brings together the Government of Kiribati funded Local Contribution to the Development Fund and pledges from development partners.

Since 2022, we changed how we presented the development budget and expanded the discussion on key issues to make the information more accessible. This year, 2024, follows the same format and have included some enhancement presenting simpler tables and graphs for easier understanding. I trust this will assist in communicating the Government's vision for a healthy, wealthy, and safe future with people at the center of it all.

The theme for this year's budget is 'Building a Secure and Prosperous Future'. The theme resonates well with the government's vision to build a wealthy, healthy and peaceful nation through the effective deployment and management of its resources for sustainable development. The theme underscores the long-held belief that the people's future cannot be secure and prosperous unless the gains of development are equitable, inclusive and people-centered. Indeed, this has been the pillar and cornerstone of the government's policies, including the national budgets. This 2024 Budget builds on and continues this fundamental principle.

To build resilience and ensure our future prosperity, we must invest in human, social, natural, and physical capital today. The Development Budget outlines how we will do this for 2024.

The 2024 Development Budget could not be delivered without the contributions of our development partners; therefore, I wish to reaffirm the Government's sincerest appreciation to all our development partners for their continued and unwavering support to our development agenda. We look forward to continuing this cordial partnership into 2024.

I wish to acknowledge all those involved in the 2024 Development Budget preparation, in particular, the National Economic Planning Office and the Senior Management of the Ministry of Finance and Economic Development under the leadership of the Secretary, who have done so much for so little to pull together this 2024 Budget.

May we pray that God bless the 2024 Development Budget and our beloved country, Kiribati, as we rebuild our lives and economy stronger through better sustainable ways.

Te Mauri, Te Raoi ao Te Tabomoa!

Hon. Dr Teuea Toatu
Vice President & Minister of Finance and Economic Development
Bairiki, Tarawa

2024 DEVELOPMENT BUDGET AT A GLANCE

The annual Development Budget summarises the expected funding for development projects in the year. These projects link to the Government's development priorities as expressed in the Kiribati 20 Year Vision (KV20) and the Kiribati Development Plan (KDP). For 2024, the Development Budget includes new funding pledges for projects with a total value of \$315.1 million, or 82 per cent of GDP.

The Government of Kiribati Local Contribution to the Development Fund (LCDF) is \$140.1 million equivalent to 37 per cent of GDP, and 44 per cent of the total Development Budget. Pledges from development partners total \$175 million, (46 per cent of GDP and 56 per cent of the total Development Budget). For 2024, the main LCDF funded expenditure is on social protection payments for the Copra Subsidy and Support for the Unemployed including the new commitment of leave grants for non-ER posts. These items total at \$68 million, or 22 per cent of the total Development Budget.

After the social protection allocation including the leave grant for non-ER posts, total funding for development projects in 2024 is estimated at \$247.3 million, or 65 per cent of GDP. Of this, the top four investment areas by Ministry are:

- Energy, sanitation, water and transport projects, through the Ministry for Infrastructure and Sustainable Energy (MISE), totaling \$77.4 million (25 per cent of the total Development Budget).
- Finance projects, through Ministry of Finance and Economic Development (MFED), totaling \$77.6 million (25 per cent of the total).
- Education projects, through the Ministry of Education (MOE), totaling \$26 million (8 per cent of the total), including \$15 million for overseas scholarships.
- Health projects through the Ministry for Health and Medical Services (MHMS), totaling \$42.8 million (14 per cent of the total).

The geographic allocation of the Development Budget reflects national projects to the value of \$206.5 million (65 per cent of the total), Gilbert Group projects of \$100 million (32 per cent of the total) and Line and Phoenix Islands, \$8.6 million (3 per cent of the total). The KV20 distribution is skewed to the Wealth category, as this reflects the social protection payments and the leave grant for the non-ER posts. In 2024 the allocation to the Wealth pillar is \$194.3 million, or 62 per cent of the total, Infrastructure accounts for \$107 million (34 per cent), Peace and Security \$7.8 million (2 per cent) and Governance \$6 million (2 per cent).

The KDP pillars show \$98.4 million (31 per cent of the total) is allocated for Economic Wealth (this includes social protection payments and leave grant for non-ER posts), \$106 million (34 per cent of the total) for Developing Infrastructure, \$52.8 million (17 per cent of the total) for Harnessing Human Wealth (that is education), \$38.7 million (12 per cent of the total) for Health, \$13.4 million for environmental resilience (4 per cent of the total), and \$5.6 million (2 per cent of the total) on governance projects.

The total estimated carried forward balance from 2023 and previous years is estimated at \$81.6 million, bringing the total value of potential expenditure through the Development Fund in 2024 to \$396.7 million (104 per cent of GDP) on a total of 998 projects.

INTRODUCTION

The annual Development Budget summarizes the expected funding for development projects in the year. These projects link to the Government's development priorities as expressed in Kiribati 20 Year Vision (KV20) and the Kiribati Development Plan (KDP).

The Development Budget reflects the best available information at the time it is prepared and is subject to change as more information becomes available. It provides a useful snapshot of Government development priorities, and the composition of Government and development partners' support to achieve them.

The Development Budget was prepared consistent with the assumptions and economic outlook included in the 2024 Recurrent Budget with borders reopening in 2022, removing barriers to travel and trade, and enabling project delivery to accelerate.

Development Budget Methodology

The execution of the Development Budget 2024 is governed by the Development Fund Rules as per Section 11 of CAP 79 – Public Finance (Control and Audit). All information is in Australian Dollars otherwise stated.

The 2024 Development Budget outlines expected expenditure from the Development Fund in 2024. It brings together pledges from development partners and the Local Contribution to the Development Fund (LCDF) appropriated by Parliament through the 2024 Recurrent Budget. It captures projects that are underway, shown in the 2023 balance, and estimates of funding pledged to be expended in 2024.

Projects can be executed either through Government of Kiribati systems or through donor systems.

LCDF contributions are approved by Parliament and appropriated annually to the Development Fund. Balances that are not fully expended in the budget year carry-over to next year. This allows Development Fund balances to accumulate over time and enables project delivery to be spread over the current year and forward estimates.

Project planning is still maturing, and efforts continue to enhance the accuracy and reliability of forward estimates and project costs.

Where possible, forward estimates of LCDF and development partner programs have been incorporated into the budget out-years. For development partner projects, the estimates have been developed in consultation with development partners, and generally cover only the forward program relevant to that partner.

In almost all cases, confirmed development partner projects do not extend across the full forward estimates. This should not be interpreted as a removal or reduction of that partner's support in any given year. Forward estimates only represent the information available to the Government at the time the report was prepared.

Changes in 2024

The presentation of the 2024 Development Budget retains the new structure that was updated and used since the 2022 Development Budget with inclusion of additional details, tables and presenting more simpler graphing. This change was in response to requests from Parliamentarians for a more readable and user-friendly document.

There are additional tables included on acquitted projects, approved projects by DCC and table on donor grouping and details.

The introductory text has been expanded to include more analysis of the contents of the budget, and to highlight key initiatives with charts illustrating project investment by donors.

Understanding the Tables

The Development Budget comprises a large number of tables that slice and dice the information in a variety way, including by geographic dispersion, Kiribati 20 Year Vision (KV20) and Kiribati Development Plan (KDP) priorities, Government Ministry and development partner, as well as financial system utilised to manage expenditure.

Consistent with the Recurrent Budget, all tables showing multiple years cover the full period of 2022 through to 2027 projections.

Table 1 provides an overview of the Development Budget

Table 2 shows the split of funding by Ministry and region, KDP and KV20 categories. The region split separates the outer islands into the Gilbert Group, Line and Phoenix Group and national projects.

Projects that cover the 'Outer Islands' (including projects on Banaba) are classified under 'Gilbert'. Those projects with a national focus across all islands are classified as 'National'.

The breakdown by Ministry across the region is shown in Table 2A, the breakdown across KV20 Pillars is shown in Table 2B. The breakdown across KDP sectors is shown in Table 2C.

Table 3 shows contributions to the Development Budget by donor.

Table 4 shows the Development Budget by Ministry.

Table 5 shows total investments by 2023 remaining balance and 2024 pledges with the number of projects per ministry.

Table 6 shows the Development Fund summary by financial system used – either Government of Kiribati or donor systems.

Tables 7 (A) and (B) summarise the list of funded development projects with their actual and estimated costs. The table summarizes how funds are channelled through and managed separately, either using the (i) Government of Kiribati System or the (ii) Donor System.

Additional tables include Table 8 lists completed projects; Table 9 listing acquitted projects with Table 10 listing DCC approved projects. Table 11 shows donor grouping and details.

The projects included in the Development Budget link to the Government's development priorities as expressed in Kiribati 20 Year Vision (KV20) and the Kiribati Development Plan (KDP).

They will also assist in achieving the goals of the Istanbul Plan of Action, the Sustainable Development Goals (the 2030 Agenda), the SIDS Accelerated Modalities of Action (SAMOA) Pathway; and the Framework for Pacific Regionalism.

The Government of Kiribati would like to thank the Development Partners for their assistance in the preparation of this document. The support of Partners in achieving the development needs of Kiribati is gratefully acknowledged.

2024 DEVELOPMENT BUDGET OVERVIEW

The theme for the 2024 Budget is “Building a secure and prosperous future”. The theme resonates well with the government’s vision to build a wealthy, healthy and peaceful nation through the effective deployment and management of its resources for sustainable development. The theme underscores the long-held belief that the people’s future cannot be secure and prosperous unless the gains of development are equitable, inclusive and people-centered. Indeed, this has been the pillar and cornerstone of the government’s policies, including the national budgets. This 2024 Budget builds on and continues this fundamental principle.

To build a secure and a prosper future, we must invest in human, social, natural, and physical capital today. The Development Budget outlines how we will do this for 2024.

For 2024, the Development Budget includes new funding pledges for projects with a total value of \$315.1 million, or 82 per cent of GDP. This includes a contribution of:

- \$140.1 million from the LCDF, 37 per cent of GDP, and 44 per cent of the total Development Budget; and
- \$175 million from development partners, 46 per cent of GDP and 56 per cent of the total Development Budget.

Development priorities

The main development priorities, by Ministry are as follows.

- Social protection payments through the Ministry of Finance and Economic Development (\$29.8 million Copra Subsidy and \$10 million Leave Grant for non-ER posts) and Ministry for Women, Youth, Sport and Social Affairs (MWYSSA) (\$28 million Support for the Unemployed), totalling \$67.8 million, 22 per cent of the total Development Budget.
- Energy, sanitation, water and transport projects, through the Ministry for Infrastructure and Sustainable Energy (MISE), totalling \$77.4 million (25 per cent of the total Development Budget). The top three projects are:
 - Outer Island Infrastructure Program at \$30 million funded by GoK
 - Utilities Reform valuing at \$1.5 million funded by MFAT
 - Wash from the Start Project funded by MFAT with cost at \$80,965.
- Education projects, through the Ministry of Education (MOE), totalling \$26 million (8 per cent of the total Development Budget). The top three projects are:
 - Overseas scholarships, \$15.2 million from the GOK;
 - Student Loan Scheme, \$1 million from GOK; and

- Wash in School activities with cost at \$193,523 from the MFAT.
- Health projects through the Ministry for Health and Medical Services (MHMS), totalling \$42.8 million (14 per cent of the total). The top three projects are:
 - Overseas referral \$7 million from the GoK;
 - Local referral \$3 million also funded by the GoK
 - Kiribati Australia Health Sector Program with value of \$1.7 million funded by DFAT
- Outer Island Priority Projects for the Ministry of Culture and Internal Affairs with costing of \$500,000 and financed by the GoK.

REVENUE

Revenue for the Development Budget comes from two sources: the LCDF and development partners.

Local Contribution to the Development Fund

In 2024, the LCDF contribution is \$140.1 million, 44 per cent of the total Development Budget. Social protection payments and leave grant for the non-ER posts account for the majority of LCDF projects, with a total of \$67.8 million, 22 per cent of the of the total Development Budget, allocated for the Copra Subsidy (\$29.8 million), Support for the Unemployed (\$28 million) and Leave Grant for Non-ER posts (\$10 million).

The 2024 LCDF projects include ongoing and new projects. One new project is the provision for Outer Island Priority Project with total value at \$500,000 whilst ongoing projects includes major costly projects such as: Outer Island Infrastructure Project - \$30 million, Overseas Scholarship \$15.2 million; Overseas Referral at \$7 million, Maintenance Fund \$5 million, Local Referral at \$3 million and others.

It is important to note that the 2024 Development Budget reflects spillover balances from previous years.

Development Partners

Development partners are expected to contribute \$175 million (46 per cent of GDP and 56 per cent of the total) in 2024. After GOK, the top three donors are:

- Australia Government (DFAT) by \$44 million:
 - Regional and Global Programs, \$16.1 million; and
 - Australia Kiribati Literacy and Inclusive Education Program, \$4.5 million;
 - Skills for Employment - \$4.3 million

- New Zealand Government (MFAT) with \$39.2 million. The top three projects are:
 - Kiribati Hospital Infrastructure - \$13.3 million
 - KIT School of Nursing Infrastructure and Curriculum Review - \$5.4 million
 - Youth Learning Centre - \$3.6 million.
- World Bank with \$37.2 million. The top three are:
 - Kiribati Outer Island Transport Infrastructure Project (KOITTP) - \$8.7 million;
 - Pacific Regional Oceanscape Program - \$6.7 million
 - Health Sector System Strengthening (IDA19) - \$5.4 million

In addition, development partners also provide direct budget support in the Recurrent Budget. In 2024, this is estimated to be \$5.8 million with contributions expected from the DFAT, MFAT and the European Union. The decrease in the budget support estimate for 2024 is due to the World Bank (WB) and Asia Development Bank (ADB) different fiscal year cycles and biannual disbursement cycle. This means that we will receive budget support for this financial year 2023 but none in 2024. In 2025 we will again receive budget support from these Banks.

EXPENDITURE

2024 Development Budget planned expenditure can be considered by geographical allocation, alignment with KV20 pillars and KDP sectors, as well as by financial system used.

Geographic Allocation

The geographic allocation of the Development Budget reflects national projects to the value of \$206.5 million (65 per cent of the total), Gilbert Group projects of \$100 million (32 per cent of the total) and Line and Phoenix Islands, \$8.6 million (3 per cent of the total).

Projects in the Line & Phoenix islands include LCDF funded support for Kiritimati of \$1.0 million related to power supply (fuel), Housing Development at \$1.8 million and Senior Secondary School at \$1.3 million. The European Union (EU) is supporting safe drinking water in Kiritimati (\$2.2 million), and another one through its implementing agency UNICEF outlaying \$2.3 million for its partnership for the sustainable and inclusive socio-economic development of Kiritimati.

There are 346 projects that are new and ongoing scheduled for the Gilbert Group for 2024. The top three projects in the Group are:

- Outer Island Infrastructure Project - \$30 million funded by GoK
- Kiribati Hospital Infrastructure - \$13.3 million funded by ADB
- Kiribati Outer Island and Transport Infrastructure - \$8.7 million funded by WB

There are 591 national projects that are new and still ongoing for 2024. The top three projects excluding the social benefit payments such as Copra, SFU and Leave Grants for Non-ER posts are:

- \$16.1 million for DFAT Regional and Global Programs funded by DFAT

- \$15.3 million for overseas scholarships funded by GoK
- \$8.1 million for South Tarawa Renewable Energy Project funded by ADB

Kiribati Vision 2020 (KV20) and KDP

The Kiribati 20 Year Vision (KV20) distribution is skewed to the Wealth category, as this reflects the social protection payments and non-ER leave grants. In 2024 the allocation to the Wealth pillar is \$194.3 million, or 62 per cent of the total, Infrastructure accounts for \$107 million (34 per cent), Peace and Security \$7.8 million (2 per cent) and Governance \$6 million (2 per cent).

The KDP pillars show that Developing Infrastructure \$106 million (34 per cent of the total), Economic Wealth with \$98.4 million (31 per cent of the total, this includes social protection payments and leave grant for non-ER posts), Harnessing Human Wealth (that is education) is allocated with \$52.8 million (17 per cent of the total), Health is allocated with \$38.7 million (12 per cent of the total), for environmental resilience total value \$13.4 million (4 per cent of the total), and for governance projects \$5.7 million (2 per cent of the total).

Financial System

Projects are funded through donor or Government systems. The decision on which system to use reflects the confidence donors have in the integrity and financial governance of the Government's financial system.

In 2024, \$12.8 million or 4 per cent of projects are expected to be channeled through the Government system.

CARRY-OVER PROJECTS

There are ongoing projects where funding may not be reflected in 2024 but are likely to continue with carried forward balances from 2023 and previous years.

The total carried forward balance of projects in 2023 is estimated at \$70.5 million, bringing the total value of expenditure through the Development Fund in 2024 to \$385.6 million, on a total of 998 projects.

RISKS AND SENSITIVITIES

Project implementation had been slowed by the impact of the COVID-19 pandemic, especially travel restrictions and supply constraints with costs increased, reflecting global supply issues. However, as borders have now reopened and travel restrictions uplifted, project delivery is expected to increase, and equipment supply constraints to be addressed.

The estimates in the 2024 Development Budget reflect the best available information at the time they are prepared. Actual receipt and disbursement of funds may not, in the event, match the estimates. Priorities may also change through the year, in mutual agreement with development partners, especially bilateral partners.

Improvements continue to make to the administration of the Development Fund, including reconciliation and data cleansing. This will be ongoing through 2024.
